VIETNAMESE AGRICULTURAL PRODUCTS

An import-export house working between Vietnam and Japan. IQF frozen vegetables from the Da Lat highlands lead our agricultural range, alongside coconut products, boiled vegetables, frozen fruit, seafood, nuts, coffee and packaging materials — plus consulting, logistics and trade promotion services. Items outside this brochure are sourced to your requirement.

01 Frozen vegetables — IQF

Corn, potato, sweet potato, spinach, edamame, carrot, capsicum, leek

02 Frozen fruit & purée

IQF mango, pineapple and banana; passion fruit purée

03 Coconut & boiled vegetables

Drinking and mature coconut, coco peat, shell charcoal, boiled bamboo shoot and lotus root

04 Trade services

Import-export consulting, logistics, Vietnam-Japan trade promotion

A Vietnam–Japan trade bridge, not simply a produce exporter.

DBP Trading Investment Consulting Co., Ltd. is an import–export house connecting Vietnamese factories and farms with Japanese buyers — frozen vegetables and processed produce, seafood, nuts, coffee and packaging materials. We source directly from producers, negotiate specifications on your behalf, control quality before loading, and stay with the order through logistics and after-sales. Our founder lived and worked in Japan for seven years, so documentation, communication and follow-up are handled the way Japanese buyers expect them to be.

01**Japanese business culture from the inside**

Seven years living and working in Japan. Keigo-level correspondence, precise specification sheets, no surprises.

02**Direct from the factory**

Produce is bought at source, not through layers of brokers — so price, grade, packing and harvest window stay under our control.

03**Support across the whole order**

Sample, specification, contract, inspection, shipping documents and after-sales — one responsible counterpart.

HOW WE WORK — TRUST**T****Trust**

We keep what we commit to, in writing.

R**Respect**

For your standards, culture and time.

U**Understanding**

We ask before we quote.

S**Support**

We do not disappear after shipment.

T**Tenacity**

Difficult issues are followed to the end.

Frozen vegetables from the Da Lat highlands.

Our lead agricultural line for Japan. Vegetables are grown in the cool Da Lat highlands, then washed, cut, blanched where required and IQF frozen at a certified freezing plant — colour, texture and nutrients hold through the cold chain to your kitchen or production line.

PLANT CERTIFICATION

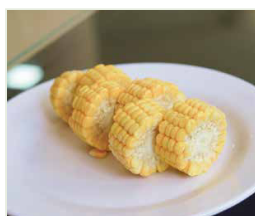

FSSC 22000

ISO 22000 · HACCP

Sweet corn

Kernels · 3–4 cm chunks · whole cob

Sweet corn, cut cob

3–4 cm chunks, steamed

Mixed vegetables

Diced — carrot, green bean, pea, corn, potato

Potato

Diced 10×10 mm and 15×15 mm · sliced

Sweet potato, round slice

1 cm slices with skin · Japanese variety

Sweet potato, random cut

1.5 cm thick, Ø 2.5–4.5 cm, with skin

Taro

Shredded sticks

Edamame

Whole pod, blanched

Green bean

Japanese variety, whole or cut

Spinach

IQF, cut 3–5 cm

Green onion

Chopped 5 mm

Leek

Chopped 5 mm

Japanese pumpkin

Sliced wedges

Carrot

Diced 10×10 mm · random cut

Capsicum

Green / red / yellow — strips, dice, random

FREEZING

IQF, individually quick frozen; steamed or blanched on request

CUT & FORMAT

Dice, slice, strip, chunk or shredded — cut to your specification

PACKING

500 g · 1 kg · 10 kg polybags; retail and food-service formats

COLD CHAIN

Stored and shipped at −18 °C, reefer container to Japanese ports

Boiled bamboo shoot & lotus root (水煮たけのこ・水煮れんこん)

Pre-boiled and ready to use — ramen and donburi toppings, chilled deli, food service. Retort pouch or vacuum pack, 500 g / 1 kg / 5 kg.

Boiled bamboo shoot

Boiled lotus root

Coconut, from whole fruit to shell charcoal.

Mekong Delta coconut, processed for export in eight formats — drinking coconut for retail and food service, mature nuts for milk and oil, and the by-products the same fruit yields: washed coco peat, seedling pellets and shell charcoal.

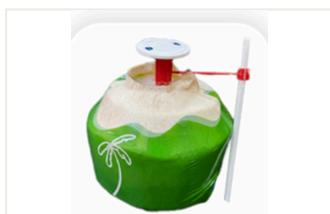

GROWING AREA

Ben Tre · Mekong Delta

Diamond coconut

Peeled young coconut, net-wrapped, 0.9–1.3 kg

Diamond coconut + straw

Ring-pull opener and straw, retail ready

Polished young coconut

Trimmed white ball, uniform grade

Mature coconut

Husked, for milk, oil and desiccated

Mature coconut + straw

Retail pack, label to your market

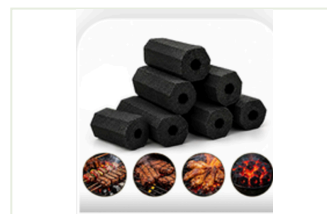

Coco peat block

Compressed 5 kg block, washed, low EC

Coco peat pellets

Seedling plugs, Ø 30–50 mm

Shell BBQ charcoal

Hexagonal briquette, low smoke, 3–4 h burn

TREATMENT

Trimmed and treated for a 30–45 day shelf life; chilled or ambient

RETAIL OPTIONS

Ring-pull opener, straw, shrink film and label printed to your brand

PACKING

Carton of 6 / 9 / 12 nuts; coco peat 5 kg block; charcoal 10 kg carton

LOADING

20 ft and 40 ft; reefer for drinking coconut, dry container for by-products

IQF tropical fruit from the Mekong Delta.

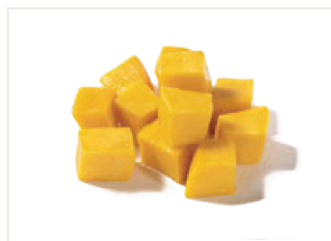

Fruit from GlobalGAP-certified farms in the Mekong Delta, harvested at peak ripeness and IQF frozen the same day. Retail 150 g / 500 g / 1 kg and bulk 10 kg bags, 24-month shelf life.

FLAGSHIP LINE

Coffee and other export lines.

Alongside frozen vegetables, fruit and coconut we ship a short, deliberate list of lines to Japanese importers, roasters and food manufacturers — each bought at source and inspected under the same process.

Vietnamese specialty coffee

Arabica from our own farm at Dau Dat — sold as “Vietnam Fusion” drip bags, whole bean and ground. Tasting note: chocolate, fruity, round. Retail boxes, café packs and OEM packing to your brand.

Seafood, nuts & spices

Frozen shrimp and squid; cashew, macadamia and almond, raw or roasted; ginger, lemongrass and chilli, fresh or dried.

Packaging materials

Kraft and OPP tape, jumbo FIBC bags for agricultural and industrial cargo — including the bags our salt line ships in.

Certified production

Partner facilities for our agricultural and processed lines operate under food-safety and quality management certification. Certificates are issued per shipment on request.

Beyond the lines listed here

This brochure shows our regular lines. Seasonal fresh fruit and vegetables, and any item not listed here, are sourced to order — send us the specification and volume and we quote it under the same inspection process.
