ABOUT DBP

Vietnam's global *trade bridge*, not simply a produce exporter.

DBP is a B2B trade bridge between Vietnam and international markets, helping businesses trade safely and efficiently through a deep understanding of international business culture.

Global markets, from the inside

Seven years of international business experience, living and working abroad.

Direct factory sourcing

Quality and price controlled at the source, at Vietnamese factories, without layers of middlemen.

With you for the whole order

From quotation, samples and specification to logistics and after-sales.
